

# Google Security

**Google** can be as basic or advanced as you want it to be.

**Google** is a complete ecosystem of hardware, firmware and software.

Your personal security and privacy is an important part of your digital world.

**Google** makes protecting yourself easy but you need to know how to do it.

This week, we will discuss the different parts of digital security and how to apply them to your life.

Join us **Thursday, June 15th at 6:00 pm** in the **Computer Lab at the Lakes Rec Center**.

Whether you like Apple or Android, Windows or Mac, Ford or Chevy, Coke or Pepsi;  
**Google Gaggle** has something for everyone!
